### Service you require is Quick-Smart Sequencing

	Sample Name	Sample type	Concentration [ng/μl]	Insert size [bp]	Vector	Plasm. DNA prep.?	PRIMER - Universal	PRIMER - Customer specified Name	PRIMER to be synthesized by PRIMM - Name	PRIMER to be synthesized by PRIMM - Sequence (5'-3')	Comments
						*1*	only one oligo in each line			>18 AND <30	
1	SynIIbF	Plasmid	2400	1400FUW		<input type="checkbox"/>	None	forward			On basis of results we want to synthesize new primer and sequence again
2	SynIIbR	Plasmid	2400	1400FUW		<input type="checkbox"/>	None	reverse			On basis of results we want to synthesize new primer and sequence again
3	SynIIbFF	Plasmid	15	1400pEGFP		<input type="checkbox"/>	None	forward			On basis of results we want to synthesize new primer and sequence again
4	SynIIbRR	Plasmid	15	1400pEGFP		<input type="checkbox"/>	None	reverse			On basis of results we want to synthesize new primer and sequence again
5		Select Or				<input type="checkbox"/>	None				
6		Select Or				<input type="checkbox"/>	None
