Item Details

#	Item	Unit Price	Qty	Item Discount	Item Total
1	Catalog #: Ecoli(VB240407-1134bkn) Vector cloning service for pLV[Exp]-EcoRV/hSyn_promoter/BamHI>APP695V717I/Agel/P2A/Xbal/EGFP/Xmal/Sall (VB240407-1134bkn) Deliverable: E. coli stock Estimated turnaround: 11-22 days Cloning host strain: VB UltraStable (or alternative strain)	\$639.00	1	\$0.00	\$639.00
				Subtotal	\$639.00
				Tax*	\$0.00
				Shipping & Handling**	\$49.00
				Discount (Promotion Code: REF44922DT-45658)	-\$127.80
				Total***	\$560.20

* If no sales tax (a.k.a. VAT) is charged here, the customer is responsible for such tax as required by their local laws and regulations.

** The listed shipping & handling fee is an estimate and may be subject to adjustment due to changes in shipping conditions such as changes in shipping method, revised ship-to address, changes in items shipped, multiple partial shipments, and increase in courier charges. The adjustment will be included in the final invoice, billed separately, or deducted from your store credit. Items in your order may be shipped separately. In particular, if you order both vector cloning and virus packaging, vectors will be shipped at ambient temperature, while viruses will be shipped on dry ice. Typically, vectors will be completed and shipped sooner than viruses. If the order involves shipment across national borders, the customer is responsible for any expenses that may arise from customs clearance such as import duty, excise, VAT and customs processing fee. The default Incoterm (International Commercial Terms) of the shipment is Free Carrier (FCA), but may be changed to other methods such as DAP and DDP per customer request.

*** Pricing reflects both a service component and a material component in the project. If the project involves physical deliverables shipped across national borders, the customs declarations will by default only include the material value per international conventions, which may be a fraction of the total order value. If you wish to include the service value in the customs declarations, please let us know as early as possible so we can try to accommodate.

How to Place an Order?

- Online method (strongly preferred) :
You can place an order online by either making a payment or uploading a purchase order (PO). To do so, go to VectorBuilder website, choose menu item "Support" > "Place Order", and follow instructions there. Alternatively, you can just go to the link below:
<https://en.vectorbuilder.com/checkout/po/place-order/b406d435-6395-4a69-b427-cf3e6eba4a9a.html>
- Offline method (not preferred) :
To order offline by PO, please email or fax your PO to the contact information listed at the top of this quote under "Vendor". To order by issuing a payment, please follow payment instructions at the bottom of this quote.

Terms & Conditions

- This quote is valid for 6 months from the issue date.
- By placing an order of this quote, the customer acknowledges and agrees to our Terms and Conditions here:
<https://en.vectorbuilder.com/support/legal-statement/terms-and-conditions.html>
- Some products and services such as GMP manufacturing may require project-specific terms and conditions that are typically provided in the service proposal or as a separate appendix to the quote.

Payment Instructions

US clients must remit payment by check, wire transfer or credit/debit card. Non-US clients must remit payment by wire transfer or credit/debit card. Wire transfers may involve fees charged directly to the transferred amount by originating and/or intermediate banks. To avoid underpayment for wire transfers from outside the US, up to 30 USD wire fee will be added to the invoice to ensure that we receive sufficient funds after the wire fee is deducted.
